

Qantm College

Qantm College is Australia's leading specialist animation, games and multimedia college.

- Animation, games & creative media is all we teach so we are the experts.
- All of our lecturers are industry experienced.
- We offer practical hands-on courses with real career outcomes (over 80% of our graduates are employed in the industry of their choice within 4 months of graduation*).

At Qantm you learn what is required in the industry, and that's why our graduates ARE the industry!

*According to Qantm's 2008 graduate destination survey.

Study With Qantm for a Day!

"Study With Qantm For a Day" is a fun and exciting event open to anyone over the age of 15. This is an opportunity to experience a full day of hands-on training in your chosen field of digital media with Qantm's industry-experienced instructors.

Check out the college, have all your questions answered and get a taste for what it might be like to study here at Qantm.

Qantm VET in Schools Program (commencing 2009)

Passionate about games, animation or digital media? Enrol in the Certificate III in Media.

Students in year 10 and above can enrol in the Certificate III in Media and graduate with:

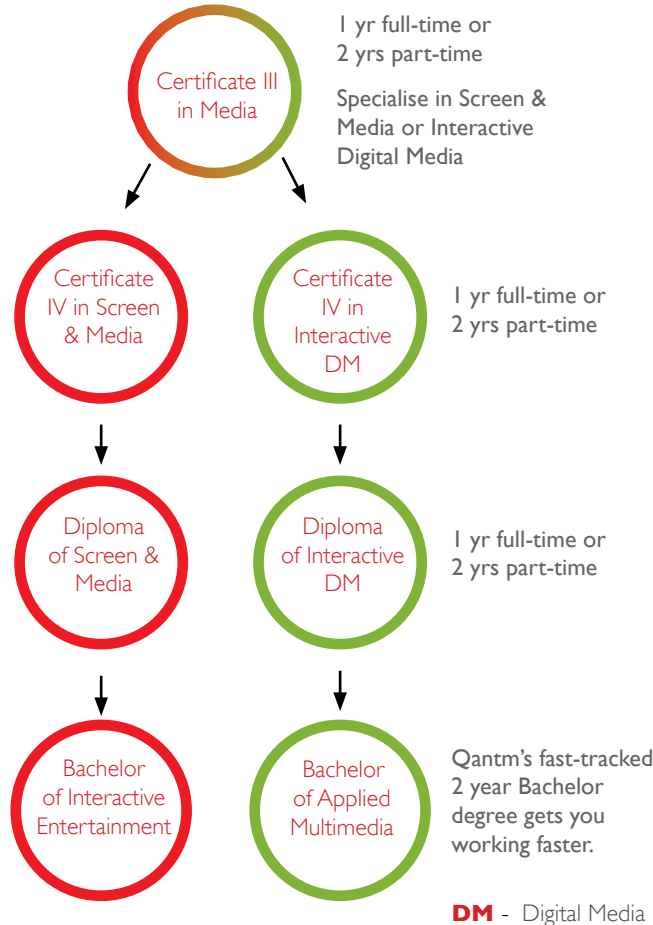

- ✓ a nationally recognised qualification,
- ✓ credit points towards the QCE and
- ✓ fundamental industry skills.

Specialise in the area of your choice

Screen & Media focuses on animation production. Starting with story planning, you will learn how to create 3D models, the basics of sound and video editing and the creation of 2D and 3D animation.

Interactive Digital Media covers a wide range of skills including: graphic design, 2D animation, content management and visual and audio editing.

Our courses teach you the skills required via video tutorials, interactive presentations and regular feedback from our instructors. Virtual and on-campus classes can also be organised on demand.

Learn/Grow/Work

Graphic Designer, 3D Animator, Multimedia Developer, Games Programmer, Film Producer, Media Project Manager, Character Modeler, Desktop Publisher, Web Designer and Programmer, Design Agency Operator, Medical, Automotive, Architectural Visualisation Supervisor or Designer, Web Games Author, Web Developer and more...

Earn while you learn with

Multimedia Traineeships

Traineeships are a great way to get a head start on your career. Combining on and off the job training, trainees acquire industry-relevant skills and hands-on working experience.

The school-based traineeship is part-time and runs over two years, ideal for year 10 & 11 students. On successful completion trainees will receive the Certificate III in Media and credit points toward their QCE.

Funding of traineeships is made available by the Department of Education, Training and the Arts. For more information contact our traineeships coordinator on (07) 3017 4316.

our trainees...

"My time with Qantm College has enabled me to encompass a whole range of multimedia practices. I now have a passion for all multimedia formats, and frequently find useful applications for my new skills within the realms of digital video."

Nathan Sibthorpe

Suitable employment is a requirement for traineeships. Visit the Australian Apprenticeships website for information on how to get involved.
